

Need contact hours or want to specialize for your Nursing career advancement? Synergicare offers Classes at budget friendly Prices!

PLEASE ROUTE TO:

Page 1 of 2

Training Coordinator, Director of Nursing, RNs, and/or LPNs

As you are aware, preventable pressure ulcers, diabetic, post surgical and other types of wound impact patient outcomes and take months of expensive and painful treatment to heal. I am excited to invite you and your colleagues to experience Synergicare LLC's Wound Care Classes! Designed as the ultimate "how to..." on wound care at a *budget friendly rate*, our training sessions are designed to teach nurses and other healthcare providers state of the art education and labs emphasizing how to provide the highest quality wound care with the end value of improving your facilities overall clinical practice and increasing patient wound healing outcomes.

Our Wound Care Classes are continuously updated so that each time we offer the class, there are new case studies and the most innovative treatment plans provided. Our class name stays the same, but the information provided is resubmitted to the accreditation yearly to stay in step with all the advancements in the medical treatment environment for wound care.

Upon completion of an onsite in your facility or the completion of the self paced courses our one on one classes and self paced classes Wound care 101 and Wound care 201, ensure that every attendee can:

- Assess a wound
- Identify the type of wound
- Document it using Medicare guidelines
- Choose the appropriate treatment options, support surfaces and offloading methods

Our Wound Care 301 sessions are designed to teach the attendee to:

- identify what type of Ostomy the patient has
- Troubleshoot problems patients are having by choosing the appropriate appliance and skin management technique.
- Learn ways to manage highly draining wounds and fistulas

Your high risk patients will benefit from the knowledge you will learn in an innovative presentation which stresses both prevention and management of wounds. Whether you are signing up for yourself or signing up staff our budget friendly prices help you meet your education needs at an economical price.

Please visit our website for more information on each class and a downloadable fax form. <http://www.woundcaretraining.com/>

We hope to hear from you soon!
